Telegraphic Markets.

NEW YORK, May 22.—The cotton movement for the past week has been larger, both in receipts and exports. Receipts at all points, 44,055 bales, against 38,286 last week; 57,836 previous week, and 50,564 three weeks since. Receips at all ports for the expired portion of the cotton year, was 2,719,023 bales, against 2,020,252 for the corresponding period last year, showing an increase of 698,771 bales. Exports from all American ports, 45,787 bales, against 51,240 last week, and 41,626 for the same week last year. Total exports of unexpired portion of last year, is estimated at 1,884,833 bales, against 318,952 for corresponding period last year. Receipts for the past week exceed the previous week by 5,000, but the exports fall off in a corresponding degree. Receipts at ports, in the immediate future, will depend somewhat upon the prospect of the growing crop. If it promises well, planters will market the balance of the crop rapidly; but should the new crop meet with serious drawbacks, and there are already complaints from some sections, planters will hold cotton for better prices. The bulk of the cotton has been marketed, and the season is rapidly drawing to a close.

Bankers have advanced the rates of sterling, in consequence of the falling off exports, to within a fraction of specie. Canada coin has gone forward, and on Saturday, the steamer Donan took $350,000 in gold bars. This shows the important bearing of cotton trade on foreign exchange, is likely to be further illustrated in the immediate future. Governments are relatively higher here than in Europe. Railroad securities have received a severe blow on the other side. This leaves the country the alternative of shipping other product than cotton, to fill up the gap, or to ship gold.

Death of Charles Godfrey, Esq.

We are pained to chronicle the death of Charles Godfrey, Esq., who died this morning, about seven o'clock, at his residence in this city. The writer of this article knew Mr. Godfrey from boyhood, and a more genial and noble soul than he never lived. He bore arms gallantly for the "Lost Cause," and was a proved and tried soldier. His death is a loss, indeed, to the community, and his memory will live in the hearts of all who knew the excellent manhood that has passed away to the shades of death, and were intimate with the superior, moral and intellectual qualities of the deceased.

The funeral will take place to-morrow (Tuesday), at ten o'clock, from Trinity Church, and the friends and acquaintances of the deceased and the family, are respectfully invited to attend.

Another Blast from the Atlanta Politico-Religious.

The last *weekly* issue of the Politico-Religious sheet, of this city, contains the following:

"WHERE IS THE REAL SLANDER MILL? Governor Bullock has commenced suit against THE ATLANTA CONSTITUTION for libel, claiming $25,000 damages. This is a move in the right direction. It is time that the outrageous course of a large portion of the Southern press was rebuked, and we do not know a better way to do it, or a more deserving case to begin with. If justice were done, some would be fined into bankruptcy or refined into decency. The party treasury may be plethoric, and bleeding may, perhaps, restore consciousness to the less malignant cases."

This indorsement of the "Politico-Religious" of the conduct of his provisional Excellency is the best compliment that has recently been paid to THE CONSITUTION in regard to the affair; if, as is usually the case, the source from whence a compliment comes is the criterion by which its value is to be computed.

Of course it would be well for corrupt Radicalism if the Southern Press were rebuked, and better still if it could be completely muzzled, and kept from inserting its sharp teeth into the precious flesh of political foot-pads and treasury breakers, and no doubt that a ukase of this sort issued, even by a provisional Excellency would receive the apostolic benediction of the reverend (?) Politico-Religious. By all means let them be muzzled, and as death loves a shinig mark, may THE CONSTITUTION be the first victim of the *auto da fe.*

We are sorry, however, to see that the Politico-Religious *will* ring the changes upon "refinement" and "decency," terms to which it can never be held amenable, and which many persons are charitable enough to suppose are simply used through ignorance of the meaning of the words.

The Politico-Religious talks glibly of "bleeding the (Democratic) party treasury," owing to its "plethory."

In this kind of surgery Radicals certainly stand pre-eminent among the profession, as the State Treasury of Georgia can sadly testify, and we doubt not that the Politico-Religious, finding its source of rejuvenating blood dried up, owing to the exhausted veins of our State Treasury, throws out this peculiar hint to its masters, in order to display its own skill in financial blood-letting, and to obtain a share of the "blood" thus shed to build up its nearly defunct existence.

OUR WASHINGTON LETTER.

Anxious Radicals—Action of Congress—Lively Times and Warm Debates—The Warlike Bullock—He Wants more "Filthy Lucre"—A Few of His "Isms"—Baltimore—Odds and Ends.

Special Correspondence Atlanta Constitution.]

WASHINGTON, May 18, 1870.

The Radicals are manifesting a great deal of anxiety about their last bantling, the 15th Amendment; and no wonder. It was conceived in iniquity and born in fraud. If properly and legally a portion of the Constitution, what need of special enactments for its enforcement? Other sections of the Constitution are without such enactments, and are openly and flagrantly violated almost daily by the Radical party. Perhaps they fear their example may be followed by others, and the 15th Amendment receive no more respect than they bestow upon the remainder of that much abused instrument, the Constitution.

CONGRESS CONDENSED.

On Monday, two bills were introduced into Congress for the enforcement of the provisions of the 15th Amendment—one by Mr. Bingham in the House, which passed without discussion by a vote of 131 to 44. and one by Mr. Stewart in the Senate, which is still under discussion.

Mr. Stewart's bill does him little credit as a lawyer, a legislator or a man. It is as crude, ill-digested, ill shapen a document as could well be imagined, and indicates a woeful ignorance of even the rudiments of law-making on the part of its author.

Both the bills are designed especially for the protection of the negro. This Radical Congress does not admit, or in any way recognize, that the white man has rights, or that he is entitled to protection. This is not, perhaps, the worst feature of these bills. They make another step toward a Congressional despotism. Under these bills Congress takes the question of suffrage exclusively under its jurisdiction, to be dealt with as the exigencies of party demand.

The debate in the Senate on Stewart's bill gives reason to hope, however, that the conservative element in that body is gaining strength.

On Monday Mr. Vickar's, of Maryland, made a very sound and able Constitutional speech in opposition to the bill. He said:

"The Democrats and Conservatives of this country were the true friends of the negro in all his material interests, but they would not for the sake of party purposes attempt to do away with that distinction between the two races which God himself had created.

"This bill would place the whole country under military government. It would subject the people to the despotism of irresponsible Government officials. Whether the people would tamely surrender up their liberties in this way is a question. This act was worse than the alien and sedition laws. It proposed to punish without the interposition of a grand jury. It proposed to punish not only for an act but for an attempt to do an act.

"An act against a white man which was formerly left to the courts to take cognizance of it, if now perpetrated against the cherished negro, is to be punished in a way heretofore unknown. It has been left to the Republicans of the nineteenth century to erect a statue of liberty in black. In closing, Mr. V. advocated that concession and conciliation should be practiced by the dominant party, that the effort should be to bind up the wounds made by the war."

The Radical Senators, with their usual lack of courtesy, left the chamber while Mr. Vickars was speaking; and Mr. Thurman, who followed, had a very small audience. He spoke with his usual force and ability, characterizing it as a most extraordinary one. He said it bristled all over with pains and penalties, and the effect of it would be such as almost to preclude the possibility of obtaining a responsible man to act as judge of an election. He considered it a most dangerous precedent to pass a bill of this kind before there was any occasion to call for it.

Mr. Ferry advocated the abolition of all political disabilities, on the broad principle that all governments should derive their powers from the consent of the governed.

Morton followed with one of his usual Ku-Klux and vindictive harangues, and accused Mr. Ferry of sympathising with rebels.

Mr. Warner said two-thirds of the Re- [illegible] of these political disabilities.

Yesterday, Mr. Ferry led off with a very conservative speech of which you have had a full synopsis by telegraph. He gave Morton, Bullock, Forney and the Atlanta Slander Mill a pretty thorough overhauling; and so Forney's Chronicle, of this morning, formally reads Mr. Ferry out of the Republican party, in an editorial particularly scurrilous and unjust.

Morton retorted with customary virulence; charged Mr. Ferry with having made a Democratic speech of an ultra character, and said if general amnesty were inaugurated, Jeff. Davis would again be a Senator from Mississippi.

Mr. Warner ventured to suggest that the success of the Republican party in Mississippi was in no way contingent upon the pardon of Jeff. Davis.

Mr. Sawyer, of South Carolina, made a conservative speech, in much the same vein as Mr. Ferry's remarks, and was belabored by Drake in consequence. Altogether the discussion yesterday was decidedly exciting, and in other respects worthy of attention.

To-day there has been a lively running debate, Mr. Thurman delivering the only speech. Mr. Carpenter declared himself in favor of the bill as originally reported, and Mr. Edmunds united himself among its champions. The indications to-day are that the bill will finally pass, notwithstanding the amount of opposition thus far developed.

In the House on Monday the tariff bill received a quietus. It will vex us no more in the present session at least; and this gives good reasons for hoping that Congress may adjourn by the middle of July at furthest. The Naval Appropriation bill has since been under discussion; nothing in the proceedings calling for special mention.

Both Houses are holding evening sessions, the Senate for discussing polygamy in Utah, while the House continues consideration of the Naval Appropriation bill.

BULLOCK BELLIGERENT.

It is rumored about the Capitol that Bullock has entered libel suits against half a dozen newspapers; and yet is not satisfied. His cry is still for more. If he has failed as yet to institute proceedings against the New York World, perhaps the following editorial from that paper, of the 16th instant, will induce him to do so at once:

"It is stated that Bullock, the reconstructed Governor of Georgia, is working to sell the State road, a very valuable stretch of rail extending from Atlanta to Chattanooga, built and owned by the State of Georgia, and worth seven millions of dollars. Should the Georgia question terminate as Bullock desires—that is, by the passage of an act retaining him and the present Legislature in office for two years beyond the term for which they now hold—it will be easy to complete this sale; and in light of such a fact it will be interesting to see how the railroad members of Congress vote on the Georgia bill. It will be difficult for them to back up Bullock without leading to the supposition that they are in league with him to go shares in the spoils."

BEAUTIFUL BALTIMORE.

I paid a flying visit to the Monumental City the other day, and really the term city is no longer a misnomer. Baltimore, a few years ago, was but a town. In point of population it ranked even then among the cities; but in appearance, manners and customs, it was no more than a town, and perhaps might still more appropriately have been called a large village. Now it begins to assume city airs. Its population has wonderfully increased; whole squares of new buildings have been put up, and when people talk to you of $10,000 per acre for land in the suburbs, you feel that you are indeed in a city. Baltimore is destined to hold even higher rank as a manufacturing city than she now possesses, and her lines of railways and steamships, in operation or projected, must virtually make her a great commercial emporium. Among the manufacturing enterprises which have grown with Baltimore, is the great piano factory of William Knabe & Co. Their instruments have carried off ten first premiums during the present season; and at the late State Fair in Louisiana they received first premiums for their grand, square and upright pianos. When it is taken into consideration that the fair was held in the Crescent City of New Orleans, and that the judges were men of eminent musical ability, the victory over all competitors is one the Messrs. Knabes have reason to be proud of.

BULLOCKISMS.

Bullock denies having used money to influence Congress, but admits, it is said, having paid some $4,000 to the Chronicle for "private printing" and advertising. He and Forney threaten to go on the warpath together as soon as they get things fixed.

The House Reconstruction Committee will report just such a bill as it was intimated Butler had prepared in the interest of his friend Bullock. If it gets through both Houses, which seems improbable, look out for a "perpetuated" Legislature and a negro militia. The bill will hardly be taken up this week.

CAPITAL CHIT-CHAT.

On dit that a duel is on the *tapis* between a Georgia newspaper man and a Washington Bohemian.

An extra session of the Cabinet was held this week that Mrs. Grant might have a strawberry festival on the regular day of meeting. Why should not Congress adjourn when the President gets ready to go to Long Branch? ARGUS.

He said delegates would be sent to the General Assembly, sitting in Louisville, to convey salutation of the Assembly there, and present resolutions that were unanimously adopted. Delegates who will be sent, are spoken of as men of great liberality of sentiment, and notwithstanding they have been prominent in Northern assemblies, will still faithfully represent the earnest desire of the Assembly for the reunion.

THE WORLD'S WONDER.

DR. ABBETT'S ANTI-DYSPEPTIC —OR— LIVER MEDICINE

A SAFE and certain cure for all kinds of Liver Complaints, and all diseases and indisposi-tivity of the Liver; such as

Chronic and Acute Inflammations of the Liver,
Dyspepsia, Sick Headache,
Sourness of the Stomach,
Loss of Appetite,
Lowliness of Spirits, Colic,
Costiveness, Fever, Ague,
Bilious Fever, Dropsy and Jaundice.

These Medicines are purely Vegetable, and perfectly harmless; but their efficacy is too permanently established in all the Southern and Western States to require any further recommendations. The wise will not fail to give them a fair trial—this is all that is asked.

LAGRANGE, GA., DEC. 3, 1869.

MESSRS. CRAWFORD & WALKER, West Point, Ga. Gentlemen: Having witnessed almost daily, for the last fifteen years, the great efficacy of the preparation you are now putting up, known as "Abbett's Medicine," it affords me pleasure to state that I know of no combinations or preparation equal to it in the treatment of Liver Diseases of whatever character, and would cordially recommend it to all who are suffering from derangement of the Liver, and especially the Dyspeptic.

I am, very respectfully,
T. S. BRADFIELD, Druggist.

WEST POINT, GA., OCT. 15, 1869.

MESSRS. CRAWFORD & WALKER: Gentlemen—I can honestly and confidently recommend L. B. Abbett's Liver or Dyspeptic Medicine, as prepared by you, to the favorable notice of the suffering public. Having used this Medicine myself in my family for twenty years, I can highly recommend it for removing pain or flatulency from the stomach, caused by indigestion. It also has a happy effect in removing constipation of the bowels. I believe it to be the best universal remedy the world has yet discovered for the above named diseases. No license at all necessary to sell these Bitters.

SAVANNAH, GA., March 16, 1870.

MESSRS. JACOB LIPPMAN & BRO., Savannah, Ga.:

GENTS—I have before me your esteemed letter of the 14th instant, containing various documents relative to your "German Bitters." After a careful examination, I must confess that your Bitters is really what you represent it to be, an old German recipe of Dr. Mitscherlich, of Berlin, Prussia. It will, and must be excellent for Dyspepsia, general debility and nervous diseases, and it is a good preventive of Chills and Fevers. I find it to be the most delightful and pleasant stomachic.

I remain, yours truly,
[Signed] AUG. P. WETTER.

General Assembly Presbyterian Church, South.

The General Assembly of the Presbyterian Church (South) met in Louisville on last Thursday. Rev. R. L. Dabney, D. D., elected Moderator; Rev. J. H. Nall, of Georgia, Clerk:

A large number of the most eminent divines of the South are present, and questions of great importance will come before the assembly. Among the eminent men present are Rev. Dr. Dabney and Rev. T. H. Rutherford, of Virginia; Rev. Dr. Palmer and Rev. W. C. Dunlap, of Louisiana; Rev. Dr. Ross, C. A. Stillman, D. D., and Rev. J. H. Miller and Rev. S. A. King, of Texas; Rev. J. H. Lyon, of Mississippi; Rev. H. N. Hopkins and Rev. Dr. Stuart Robinson, of Kentucky; Rev. Allen Wright, Governor of the Choctaw Nation.

Pertinent vs. Impertinent.

The Macon Telegraph, having not the fear of a libel suit for twenty-five thousand dollars before its eyes, very irreverently pokes the august(?) Provisional Chief Magistrate-ellency under the ribs with the following Ku-Kluxical queries. A man of such exalted virtues, patriotism and pecuniary self-abnegation as the redoubtable R. B. B., ought not to be trifled with in such an impertinent manner by one of his subjects, and we trust his royal B. T. Highness will leap from his legal jungles upon this audacious critic, and prevent him ever more from poking rude questions at a virtuous Excellency. The Telegraph says "Bullock owns up to having spent $14,500 in endeavoring to have Georgia reconstructed to suit himself. Now, it *may* be an *impertinent*, but it certainly *is* a *pertinent* question, to ask who this money belonged to? Was it Bullock's savings, or did he borrow it from the bank, or did John Rice advance it, or was it loaned him by Blodgett out of the State Road earnings? It just fairly makes our teeth chatter, notwithstanding this hot weather, to think of B.'s coming down on us with a $25,000 suit for character; we would like to know who is so flush. We would borrow a few hundreds from him this summer to reconstruct our demnition liver at some watering place. Gentle Rufus, won't you tell?"

Spirit of the Press on Bullock's Corruptions.

The Press of the country fearlessly condemns the corruptions of Bullock, and holds up to the scorn and condemnation of every honest man the dirty work which some of his unscrupulous adherents attempted and performed, in order that their employer might reap the rotton fruit of their labor, or at least cover over the worst features and developments of this impudent and destructive course pursued by him against the peace and welfare of the State.

Commenting, editorially, upon the Bullock Corruption Investigation, just closed by the Senate Judiciary Committee, the Richmond Dispatch remarks:

"To fully understand and appreciate the enormity of Bullock & Co. in the Georgia bribery affair it is necessary that the full report of the majority of the committee should be read. Upon reading that, there can be no hesitancy on the part of unbiased minds in coming to the conclusion that Bullock and his creatures have been guilty of the most bare-faced impudence and corrupt conduct.

The report of the Senate Judiciary Committee convicts another of the Radical leaders who have for some five years hectored over the Southern people and been sustained by the military government and Congress. The Southern people knew they were rascals. Congress either knew they were rascals or cared not whether they were or not. They subserved the purpose they were intended for, viz: to tyrannize over the South and work the machinery intended to place the yoke of proscriptive Radicalism permanently upon the necks of the Southern people.

"First, we had Whittemore, then Deweese, and now we have Bullock, shown to have been guilty of gross corruption. And yet Congress debates the question of keeping the noble State of Georgia under the rule of such a man as Bullock by arbitrary measures setting aside the laws of the State and Congress too. Every State where the new comers, the leeches who were seeking the treasury of communities whose citizens were disfranchised, has ample testimony to prove most of them to be very dishonest men. But what use would there be in proving that much? That would not relieve us. The evidence would be treated with contempt.

"These matters will be treasured up, and a day is near at hand when they will be used to the advantage of the nation."

The New York Herald, of the 20th, commenting editorially upon the same subject, says: "The Georgia Investigating Committee have made a report which discloses most infamous attempts on the part of Governor Bullock and others interested in the passage of the stringent Georgia bill to influence legislation. The intention to bribe Senators Carpenter and Tipton was fairly developed, but the parties called upon by Bullock's adherents to do the dirty work refused to approach those Senators for that purpose. The result of the investigation puts the Senate in a high position as contrasted with the cadet-selling investigation in the House, and it remains to be seen if General Butler, whose committee is trying to tack the Bullock clause to the bill, will proceed further in that business."

OUR AUGUSTA LETTER.

The "Old Landmarks"—Wheat—Reform—Schools, etc.

AUGUSTA, May 21, 1870.

Editors Constitution: How rapidly are the "landmarks" disappearing. Since the advent of the current year, an unusually large number of aged persons have passed to that bourne from whence no man returns. Augusta has lost some of her staunchest citizens. She now mourns the demise of Hon. John Foster. The deceased was a practical illustration of the "pluck and plod theory." He succeeded by hard, well aimed blows, and won not only a name and position of honor among his contemporaries, but also accummulated a handsome living prior to the late war. Mr. Foster was a self-made, solid, genial gentleman, and his death is recognized by the entire community as a public calamity.

I dislike, in this connection, to talk of material affairs, yet I must do so.

WHEAT.

I was conversing with a farmer from Northern Georgia this day. He informed me that in the counties adjacent to the Tennessee line, the wheat crop is exceedingly promising. The waving fields present a beautiful sight with what are soon to be golden sheaves. 1857 was the greatest wheat year in the memory of old inhabitants and close observers. The appearance of the growing grain is the same as then—golden color. Generally, since 1857, dark green, presaging rust, predominated.

REFORM.

The editor of the Thomaston Herald reports crops in Southwestern Georgia suffering from drought. Cotton is not yet injured; corn is, to some extent; the oats crop will be a total failure, if no rain before the 25th. The oat crop is a perfect failure, and wheat is somewhat injured by the drought.

Disastrous Conflagration at West Point, Georgia—An Entire Block Destroyed—Incendiary Work.

WEST POINT, GA., May 23, 1870.

Editor Constitution: West Point has been the scene of another conflagration. A destructive fire broke out this morning, at two and a half o'clock, in the building occupied by M. A. Bridges, destroying the entire block, which embraced four business houses, occupied respectively by M. A. Bridges, Jeweler; J. W. Oslin & Co., Druggists; G. C. Lyon, Grocer; Beaty & Gibson, Grocers. Bridges' loss, $3,500, insurance, $3,000; J. W. Oslin & Co.'s loss, $2,500, no insurance; G. C. Lyon's loss, $3,000, insurance, $1,500; Beaty & Gibson's loss, $11,000, insurance $6,000.

The entire block was owned by W. C. Darden, and estimated to be worth $12,000.

The fire engine recently purchased by the City Council, was quickly upon the ground, but owing to the bursting of the hose, which was perfectly worthless, was not able to accomplish anything.

The fire is generally thought to have been the work of an incendiary.

Questions for Supervisor Harris.

RINGGOLD, GA., May 21, 1870.

Editor Constitution: Dear Sir—Will you be kind enough to put the following questions in the committee's mouth (upon the Bullock case:)

Ask A. L. Harris if Greenwood Station keeper does not receive $50 per month for water, instead of twenty-five dollars as stated by him? Ask him if the Graysville Station keeper don't receive $60 a month for water? Ask him if one Hoyt is not interested in the Graysville Station, (in wood, water, etc.,) and how much wood he sold to Gray and self, the reported contracts at that place, and if Hoyt did not know that he invoiced the wood onthe yard at about $2a cord less than was on the yard. It can be proven that outside of Gray and self, parties only can get $2 for wood, and self and Gray get $2 50 sawed. I hate to trouble you, but ask Harris how many free tickets, signed blank, he has had handed out to subs, and they to friends, etc.

Respectfully,
GRAYSVILLE BOY.

DR. JOHN BULL'S
Great Remedies.

DR. JOHN BULL,
Manufacturer and Vendor of the Celebrated
Smith's Tonic Syrup,
FOR THE CURE OF
AGUE AND FEVER,
—OR—
Chills and Fever.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the safe, certain, speedy and permanent cure of Ague and Fever, or Chills and Fever, whether of short or long [illegible] southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

Bull's Worm Destroyer.

To my United States and World-wide Readers.

I have received many testimonials from professional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following letter from a highly educated and popular physician in Georgia, is certainly one of the most sensible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the Doctor says of BULL'S WORM DESTROYER:

VILLANOW, Walker County, Ga., June 29, 1869.

DR. JOHN BULL—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that I know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary, they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine direct from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line M. D.'s but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an advocate or supporter of the thousands of worthless nostrums that flood the country, that purport to cure all manner of disease to which human flesh is heir. Please reply soon, and inform me of your best terms. I am, sir, most respectfully,

A Good Reason for [illegible] Fa[illegible] the Captain's [illegible]

READ THE CA[illegible] LETT[illegible]TAIN'S LETTER AND THE [illegible] FROM HIS MOTHER.

BENTON BARRACK'S, Mo., April 30, 1866.

D[illegible] JOHN BULL—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case.

I was wounded two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in anything else. I wish that that is genuine. Please express me half a dozen bottles, and oblige,
Capt. C. P. JOHNSON,
St. Louis, Mo.

P. S.—The following was written April 30, 1866, by Mrs. Jeanie Johnson, mother of Captain Johnson:

DR. BULL—Dear Sir: My husband, Dr. C. S Johnson, was a skillful surgeon and physician in Central New York, where he died, leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarsaparilla. IT CURED HIM. I have for ten years recommended it to many in New York, Ohio and Iowa, for scrofula, fever sores and general debility. Perfect success has attended it. The cures effected in some cases of scrofula and fever sores were almost miraculous. I am very anxious for my son to again have recourse to your Sarsaparilla. He is fearful of getting a spurious article, hence his writing to you for it. His wounds were terrible, but I believe he will recover.
Respectfully JI[illegible] JOHNSON

Testimony of Medical Men

STONEY POINT, White Co., Ark., May 23, 1866.

DR. JOHN BULL—Dear Sir: Last February I was in Louisville purchasing drugs, and I got some of your Sarsaparilla and Cedron Bitters.

My son-in-law, who was with me in the store, has been down with rheumatism for some time, commenced on the Bitters, and soon found his general health improved.

Dr. Gist, who has been in bad health, tried them, and he also improved.

Dr. Coffee, who has been in bad health for several years—stomach and liver affected—he improved very much by the use of your Bitters. Indeed, the Cedron Bitters have given you great popularity in this settlement. I think I could sell a great quantity of your medicines this fall, especially of your Cedron Bitters and Sarsaparilla. Ship me via Memphis, care Rickett & Neely.
Respectfully, C. B. WALKER.

THE ex-Mayor of Nuckollsville, Georgia, is now a resident of Atlanta.

SEE process of Bullock's slander writ on fourth page.

SCHUMAN'S Grand French Biorama will not exhibit to-night, but will exhibit again to-morrow night.

ICE CREAM.—G. W. Jack has one of the finest restaurants in the city. Crowds of people go every day to get Jack's superb ice cream.

RETURNED.—Foster Blodgett, Superintendent of the Western and Atlantic Railroad, has returned, "on furlough," from Washington City.

FINE BEEF.—Messrs. Terhune & Thomas still maintain their reputation in keeping the finest beef in market. Mr. Chapman and their book-keeper, Sam Waddail, attend to Stall No. 2, next to Brotherton's.

CAPTAIN W. T. NEWMAN has presented Hon. R. L. McWhorter with one of the finest gold-headed canes ever brought to this city. The head is of massive gold. The cane was ordered through Lawshe & Haynes.

GEORGIA LIME.—We saw yesterday a specimen of Chickamauga Bird's Eye Lime, from the works of J. M. Ellis & Co., Chickamauga. It has recently been opened, and proves to be a superior article for building purposes. Stephens, Flynn & Co. are the sole agents for its sale here.

RAIN.—After about six weeks' dry weather, we were blessed with a slight shower of rain yesterday. There was some lightning and thunder last night, and the rain had a cooling effect upon the atmosphere.

RESIGNED.—John S. Wise, the energetic agent of the Memphis and Charleston Railroad in this city, has tendered his resignation of that position, and his resignation has been reluctantly accepted by the Company.

WE regret to learn of the death, at six o'clock yesterday afternoon, of Thomas Reges, infant son of Captain Thomas Nunan. He will be buried at Captain Nunan's residence, corner of Houston and Collins streets, this afternoon at 4½ o'clock.

OFF FOR MACON.—Special cars will be added to the Macon passenger train that leaves at 7:15 to-night, for the accommodation of those wishing to attend the grand celebration of the Knights Templar at Macon to-morrow. The train will reach Macon early to-morrow morning.

ADJOURNED.—The committee to investigate the charges against Governor Bullock has adjourned to Friday next, in accordance with a request of Governor Bullock. It appears that when the Governor left Atlanta he believed that no charges would be preferred against him.

SLEEPING CAR COMPANY.—The stockholders of Pullman, Kimball & Ramsey's Sleeping Car Company meet at 2 o'clock, P. M., to-morrow, in this city, for the purpose of electing Directors for the ensuing year—and the transaction of any other business that may legally come before the meeting.

THE Savannah News boasts that Bryan is the Banner Baby county in the State. We will put Stone Mountain against the whole of Bryan county, and assert that Stone Mountain has more babies, and finer babies to its size (the town and not the Mountain) than any other town in the State. The music that ascends heavenward every night is very impressive, and gives a faint idea of the air being "vocal with music."

GONE UP THE SPOUT!—We learn that some school-boys found the remains of a negro baby partially decomposed in the Walton Springs yesterday morning. Although the baby had figuratively "gone up the spout," it had not literally done so, as its inhuman mother raised the rock above the spring and thrust it in. Of course the boys didn't drink there yesterday.

UNDERTAKER.—The finest and largest lot of Coffins in the city can be found at the store of Wm. Wood, on Broad street. Also one of the finest hearses ever brought South. Parties desiring can always make arrangements for carriages and this splendid hearse to attend funerals. Skilled and attentive workmen always employed. Don't fail to call on Wm. Wood, Broad street, if you want a fine metallic case and a splendid hearse.

NEW AUCTION HOUSE.—Messrs. Willis P. Chisolm, J. H. Chisolm, and B. D. Smith, have formed a copartnership under the firm name of Chisolm, Smith & Co., as Auction and Commission Merchants and Real Estate Agents. They have taken the Store recently occupied by Hunnicutt & Bellingrath. The members of the firm are too well known to require any commendation at our hands. The old and popular auctioneer, Captain J. H. Barrett, is the auctioneer of this firm. See advertisement.

A BRACE OF THIEVES.—Robert Turner, a 15th Amendment, eleven or twelve years old, was arraigned before Justice Spencer yesterday for larceny. At first he plead not guilty, but after hearing the evidence he withdrew it and plead guilty. He was fined $20 and costs, which he paid.

Malinda Murray, (16th Amendment, colored,) some fourteen or fifteen years of age, plead guilty to stealing clothing from a 15th Amendment, and was sentenced to pay a fine of $10, or go to the chain gang for two months.

AN ATLANTA ENTERPRISE.—Meador & Brothers have in successful operation here a fine Cigar factory, employing some twenty-five Cigar-makers. We paid the factory a visit yesterday, and were agreeably surprised to witness the extent and usefulness of the establishment. Girls earn readily from $5 to $11 per week, according to their skill. The boxes used are the best that is made, and the Cigars of the best brands—Meador & Brothers' own brands. Such has been the success attained by them, and the growing popularity of their brands, that they contemplate building a large factory at an early day. Their stock of manufactured Tobacco is ample to meet the heavy demand of their business. Few firms have a better commercial standing than Meador & Brothers.

RES ADJUDICATA.—We learn that a motion was made in the committee to investigate the charges against Governor Bullock, yesterday, to take up the charge relative to the "draws" made out of the Fourth National Bank of New York. A member thought that the committee could not act upon the charge, as it was "res adjudicata," the Legislature having acted upon it. The report of the majority of the committee in the House was voted down, and the report of the minority adopted. But the minority report never reached the Senate. So "res adjudicata" don't apply. So a continuance was granted on the request of Governor Bullock's friends in the committee.

GOVERNOR BULLOCK AND TREASURER ANGIER INVESTIGATING COMMITTEE, May 20, 1870.

The committee met and was called to order by the Chairman.

The Journal of yesterday was read and approved.

Treasurer Angier appeared before the committee and stated that he desired to amend his charges against the Governor.

On motion of Mr. Nunnally, it was resolved that the amendment be read and received.

Mr. Bethune moved that a copy of the charges and specifications against the Governor, as now amended, be left at the office of the Executive for the Governor, which motion prevailed.

Mr. Atkinson, Private Secretary of the Executive, was invited to appear before the committee, and was requested to come before the committee at any time without formal invitation.

Mr. Angier requested that his son be allowed to be present during the investigation, to assist them in making calculations, etc., which request, on motion of Mr. Bethune, was granted.

MONDAY, May 23, 1870.

The Committee met at 10 o'clock, A. M. All the members present.

The subject of the introduction of testimony was discussed until 1 o'clock, P. M., without any determination, when the committee adjourned until 4 o'clock, P. M.

FOUR O'CLOCK, P. M.

Committee re-assembled.

The Chairman, the Hon. John Harris, stated to the committee that he was authorized to ask a continuance of the investigation until Governor Bullock could return; and in obedience to said request, the committee adjourned until Friday morning next at 10 o'clock.

JOB WORK.—If you want a neat business card, send to THE CONSTITUTION Job Office.

THE CARNIVAL AND SUPPER TO-NIGHT.—Is it necessary for us to urge upon our readers the importance of attending the Carnival at the Rink, and the Supper at Thompson's Restaurant to-night? We cannot believe that it is, when it is remembered that

"Only to us are left our buried heroes and their matchless deeds;
Meanwhile, upon the nation's broken heart,
Her martyrs sleep. O, dearer far to her
Than if each son, a wreathed conqueror,
Rode in triumphant state, the loftiest crest of fate!
O, dearer far, because outcast and low,
She yearns above them in her awful woe!"

The Rink and supper room at Thompson's will be opened from 7 o'clock to 12 o'clock to night. Seventy-five cents admission to both places.

The committee of arrangements for the supper and young ladies taking charge of fancy tables, with the members of the Executive Committee, are requested to meet at Thompson's Restaurant at 9 o'clock this morning. The young ladies are requested to bring their silver, flowers and other decorations for their individual tables.

PRINTERS' MEETING IN ATLANTA.—At an adjourned Printers' Meeting, held on Saturday night, the 21st instant, relative to the failure of a proposed Picnic Excursion, J. H. Moorefield being in the Chair, the following report was made and unanimously adopted:

REPORT.

We find that it was the intention and desire of the printers of Atlanta to take a picnic excursion to some convenient and suitable place, to be selected by the body over which you preside, the objects of which were a friendly and sociable reunion of the printers of this city with their friends, as well as to have a day of recreation and rest from their daily and nightly labors.

We further report, most respectfully, that upon conferring with the proprietors of the printing establishments of this city, they agreed, with the exception of THE DAILY CONSTITUTION, to suspend business; and as that paper failed and refused to comply with the request of this body, we, your committee, would suggest that the contemplated picnic be abandoned, because we deem it an injustice to the other printing establishments to avail ourselves of a privilege at their expense, while that privilege is not extended by all parties concerned.

Your committee would also recommend the adoption of the following resolution of thanks:

Resolved, That the thanks of the printers of Atlanta are due and hereby tendered to proprietors of the various printing establishments in the city who generously yielded to our request; also, to the gentlemen who gratuitously tendered refreshments for the occasion.

All of which is respectfully submitted.

C. W. WELLS,
S. H. SHAW,
C. D. SMITH,
Committee.

On motion, the city papers were respectfully requested to publish the foregoing.

Latest Market Reports.

[CORRECTED DAILY.]

CONSTITUTION OFFICE,
ATLANTA, May 23, 10 o'clock, P. M.

The market continued unchanged this afternoon, at noon quotations.

GENERAL MARKETS.

NASHVILLE, May 21.

CORN—Sales to-day 1,800 bushels at 1 30 sacked and delivered in depot.

CHATTANOOGA, May 21.

Corn has been dull, but in consequence of the light stock, prices have been maintained firmly. We estimate the stock of sound corn now on hand at not over 1500 bushels. A part of this is held at $1 37½, and will wait sometime for sale. There are some 6 or 7,000 bushels of damaged corn in this city, which will be sold for what it will bring.

Hay has been in fair demand, with sufficient stock for all purchasers.

Flour has been a trifle more active. The demand for the lower grades is increasing in consequence of the scarcity and high prices of corn.

Bacon has been fairly active. The stock is light, not over 70,000 pounds in market, and prices are firm at quotations.

KNOXVILLE, May 21.

CORN—Market a shade easier, owing to the decline in the West. Sales by the car load, 1 15a1 22½; loose, for local consumption 1 15a1 25.

WHEAT—Millers are paying 1 10a1 20, for red and white. Dealers are paying, along the upper road, 1 00a1 05, delivered in the depots.

BEEF CATTLE—Active demand for well fattened stock, and prices firm. No. 1 heavy, 5½a6 gross.

HAY—Good demand; prime Timothy baled, 1 20a1 25; by wagon load 1 00.

CINCINNATI, May 19.

CORN—There was a better demand early in the day, and some sales were made at 97a98 cents for sound mixed ear and shelled; but prices subsequently receded to 95a96 cents, but closed with a good demand at these rates. White and pure yellow shelled is held at 98 cents to 1 00, and very little offered. There were some sales at 1 05, including sacks. The receipts for the past twenty-four hours were liberal, footing up nearly 17,000 bushels, but a considerable portion of this was put in on contracts, and the offerings, compared with the receipts, were small.

BULK MEATS—There was a good demand for shoulders at 12 loose, with sales of 100,000 pounds at this rate, but 1-4 more was in most cases asked at the close. One sold at Indianapolis at 11 7-8. Rib sides are held at 15. Clear sides are salable at 15 1-2, but 15 3-4 was asked, and clear sides are in demand at 16, with few sellers at less than 16 1-4. The above sales are for loose meats.

BACON—A firmer market, but prices are without special change. Shoulders are firm at 13 1-2; clear rib sides sold at 16 3-4, and 17 3-8a17 1-2 was paid for clear sides, all packed; sugar hams sold at 19 1-2a20, and second pickle at 18, to the extent of 300 tierces; no plain hams selling.

LARD—A dull market and prices are easier. Kettle rendered leaf, city brands, could have been bought at 16 1-2 on 'Change, and 100 tierces sold in the afternoon at 16; the latter is asked for country kettle and prime steam.

HAY—The market remains dull, the supply being in excess of the demand, but no decline was established, but concessions would be necessary to effect sales to any extent. We quote No. 1 timothy 16 00a17 00; fair to good 14 00a15 00, and common 12 00a13 00 per ton, in bales on arrival. Sales are being made from store 1 00a2 00 higher.

CLARKSVILLE TOBACCO FAIR.—In regard to the approaching Tobacco Fair at Clarksville, the Tobacco Leaf says:

The time for the entrance of tobacco, for classes fifth and sixth, to the person who has shipped to and sold on the market of this season and to the planter who has sold on this market of his own crop, the largest number of hogsheads has been extended to June 15.

The prospect for the Fair is most flattering.

A FEW WORDS OF WEIGHT.—"Do you mean to say, madam, that he has taken no other medicine?"

This question was asked the other day in relation to a young man, "the only son of a widow," who was then rapidly recovering from a state of absolute prostration, occasioned by chronic indigestion. It was asked by a friend of the family of the invalid's mother, Mrs. Kiernan, 35 Abingdon Square, New York.

The medicine referred to was PLANTATION BITTERS. "I do mean to say it," replied Mrs. K.; "we had tried twenty other remedies before, without the slightest benefit; but we tried none afterwards, for the Bitters proved all sufficient."

The lady herself is the authority for this statement; and she further states her belief that the restorative in question is the best tonic and invigorator ever administered.

Twenty-five cents will buy a packet of SEA MOSS FARINE of your grocer or druggist, which, in ten minutes, will make sixteen quarts of Blanc Mange, Puddings, Custards, &c., &c. may24deod1w

REMEDIES for all diseases can be compounded so as to be agreeable to the taste, and pleasant to take, and always effective. To prove this fact, we point with pride to the great tonic of the age, LIPPMAN'S GREAT GERMAN BITTERS. For upwards of a century, they have been used in Germany with great success, and who can tell how many thousands have been saved from suffering, and from an early grave, by taking them. They are pronounced to be not only the best TONIC in the world, but the most delicious and delightful cordial ever known.

A VOICE FROM THE KITCHEN.—Upwards of thirty professed cooks, many of them hailing from the best hotels in the United States, have voluntarily come forward and pronounced Rand's Sea Moss Farine the finest article for puddings, custards, blanc mange, creams, jellies, and other favorite items of the dessert that has ever come under their notice.

So much for the palatability of the new element of food.

A still greater number of distinguished physicians and scientific chemists endorse it as a nutriment of the very highest class; while every housekeeper who uses it admits that it is full fifty per cent. cheaper than maizena, farina, corn starch, or any other preparation from corn or the cereal grains.

The new food staple is manufactured, under a patent, by the Sea Moss Farine Co., 53 Park Place; and in view of the above established facts, it is not surprising that their extensive machinery is kept running night and day to supply a demand that is rapidly becoming universal.

JOY TO THE WORLD! WOMAN IS FREE! Among the many modern discoveries looking to the happiness and amelioration of the human race, none is entitled to higher consideration than the renowned remedy, Dr. J. Bradfield's Female Regulator, Woman's Best Friend. By it woman is emancipated from the numberless ills peculiar to her sex. Before its magic power all irregularities of the womb vanish. It cures whites. It cures suppression of the menses. It removes uterine obstructions. It cures constipation and strengthens the system. It braces the nerves and purifies the blood. It never fails, as thousands of women will testify. This valuable medicine is prepared and sold by L. H. Bradfield, Druggist, Atlanta, Ga. Price $1.50 per bottle. All respectable drug men keep it.

feb20-tf

THRICE ARMED!—Thrice is he armed who keeps within reach of his hand a specific that at one and the same time will strengthen, regulate and purify his system when enfeebled, disordered and corrupted.

Such is the three-fold operation of Hostetter's Stomach Bitters, and hence the great superiority of that standard vegetable restorative over all medicines, that are merely tonics and nothing else. The effect of the ordinary astringent tinctures and extracts upon the bowels is disastrous, and upon the depraved blood or bile they produce no beneficial effects whatever. In dyspepsia and liver complaints all the fluids and humors of the body are more or less infected, and the bowels are often badly constipated. An unmodified astringent—quinine for instance—does infinitely more harm than good in such cases. In Hostetter's Bitters, on the other hand, the stimulating and tonic elements are qualified with aperients and antiseptic ingredients. The finest laxatives and blood depurents in the vegetable kingdom are intermixed with those of a purely invigorating nature, and under the operation of this admirable combination, the three important processes of invigoration, regulation and purification go on together. The rapidity with which the disordered organization returns to its natural condition, under a course of the Bitters, is due to this cause. Every disturbed function of the body is favorably affected by the various properties of this comprehensive and well balanced preparation. As a general rule the bowels are more subject to irregularities, and the fluids more liable to become vitiated in spring and summer than in winter, and hence the Bitters are especially valuable as a spring and summer alterative, corrective and invigorant. At all seasons, where the seeds of intermittent fevers infect the air, this healthful vegetable elixir should be taken as a protective medicine. may17-eod1w&w1t

From the Norfolk Daily Journal, Dec. 11, 1869.]

KOSKOO.—This medicine is rapidly gaining the confidence of the people, and the numerous testimonials of its virtues, given by practitioners of medicine, leaves no doubt that it is a safe and reliable remedy for impurity of the blood, liver disease, etc.

The last Medical Journal contains an article from Prof. R. S. Newton, M. D., President of the E. Medical College, city of New York, that speaks in high terms of its curative properties, and gives a special recommendation of Koskoo to the practitioners of medicine. This is, we believe, the first instance where such medicines have been officially endorsed by the Faculty of any of the medical colleges, and reflects great credit upon the skill of Dr. Lawrence, its compounder, and also puts "Koskoo" in the van of all other medicines of the present day. feb26-d&w6m

CARDWELL'S Improved Thresher and Cleaner

WE take great pleasure in offering to our friends the above named Thresher and Cleaner, which has been greatly improved during the past year, and which for simplicity of construction, rapid threshing and freedom from the usual derangements of this class of Machinery, is without a rival. It will do more work with less power and fewer hands to attend it than any other Thresher and Cleaner in use. We have made some important improvements in this Machine for the coming season, and can now confidently recommend it as the best and simplest Thresher and Cleaner in the country.

All farmers will appreciate the convenience of having a Thresher that can be hauled into a wheat field on its own wheels and put to work at once, without trouble or inconvenience, and that will thresh, clean and bag the wheat at one operation, and do it thoroughly, wasting no grain, and cleaning as well as it is usual for such Machines to do.

We have taken the Premium at every Fair where exhibited, including the Virginia State Fair at Richmond, and the Fairs at Lynchburg, Wytheville, etc., where it came in competition with the Geiser, Pitts, and many others. On account of the great demand for these Machines we have only been able to make one size, being a 28 inch Drum with 34 inch Straw Carrier, the wide Straw Carrier insuring the perfect separation of all grain from the straw. Its capacity is 300 bushels per day. Power required, 4 strong horses or 6 mules.

Price without Horse Power, $250.

Price with Double Gear or Carey Power, $400.

WALTHAM WATCHES!

THE extensive use of these Watches for the last fifteen years by Railway Conductors, Engineers, and Expressmen, the most exacting of watch-wearers, has thoroughly demonstrated the strength, steadiness, durability and accuracy of the Waltham Watch. To satisfy that class in all these respects, is to decide the question as to the real value of these time-keepers.

More than 450,000 of these watches are now speaking for themselves in the pockets of the people—a proof and a guarantee of their superiority over all others.

The superior organization and great extent of the Company's Works at Waltham, enable them to produce watches at a price which renders competition futile, and those who buy any other watch merely pay from 25 to 50 per cent. more for their watches than is necessary.

We are now selling Waltham Watches at less prices in greenbacks, than the gold prices before the war. There is no other manufacture of any kind in the United States of which this can be said.

These time-pieces combine every improvement that a long experience has proved of real practical use. Having had the refusal of nearly every invention in watch-making originating in this country or in Europe, only those were finally adopted which severe testing by the most skillful artisans in our works, and long use on the part of the public, demonstrated to be essential to correct and enduring time-keeping.

Among the many improvements we would particularize:

The invention and use of a centre-pinion of peculiar construction, to prevent damage to the train by the breakage of main springs, is original with the American Watch Company, who, having had the refusal of all other contrivances, adopted Fogg's Patent pinion as being the best and faultless.

Hardened and tempered hair springs, now universally admitted by watchmakers to be the best, are used in all grades of Waltham Watches.

All Waltham Watches have dust-proof caps protecting the movement from dust and lessening the necessity of the frequent cleaning necessary in other watches.

Our new patent stem-winder, or keyless watch, is already a decided success, and a great improvement on any stem winding watch in the American market, and by far the cheapest watch of its quality now offered to the public. To those living in portions of the United States where watchmakers do not abound, watches with the above mentioned improvements which tend to insure accuracy, cleanliness, durability and convenience, must prove invaluable.

Every watch guaranteed by the Company.

To prevent imposition, buyers should see that every watch should bear either of the following trade marks:

American Watch Co.,	Waltham.
Appleton, Tracy & Co.,	"
P. S. Bartlett,	"
William Ellery,	"
Home Watch Co.,	"

For sale at retail by all respectable dealers.

SWEET QUININE

IS A RECENT IMPROVEMENT.

Replaces the use of the Bitter Sulphate Quinine, with which all are familiar.

Dose for dose, it is

WARRANTED

Fully Equal in Every Way to Bitter Quinine,

And like it, is the one

Great, Positive, and Unfailing CURE

FOR ALL DISEASES OF MALARIOUS ORIGIN.

Fever and Ague,
Intermittent Fever,
Chill Fever,
Remittent Fever,
Bilious Fever,
Dumb Ague.

And the long train of disorders following these when neglected.

SWEET QUININE

is made solely from PERUVIAN BARK (so is Bitter Quinine,) therefore is of Vegetable origin, and not a Mineral Poison, but on the contrary is proved to be one of the elements found in the blood of all healthy persons.

SWEET QUININE

acts as an antidote to, as well as a cure for malarial or miasmatic poison, the absorption of which by the lungs causes Intermittent Fevers, etc. The only advantage claimed for

SWEET QUININE

over the use of old Bitter Quinine is the entire absence of that intense, persistent bitterness, which in the latter is an insurmountable obstacle to its use with most persons, and always with children.

SWEET QUININE

is in two forms—in Powder, for the use of Physicians and Druggists, and Fluid, for use in the family and for the general public.

ROSADALIS!

THE Great American Health Restorer, purifies the blood and cures Scrofula, Syphilis, Skin Diseases, Rheumatism, Diseases of Women, and all Chronic Affections of the Blood, Liver and Kidneys. Recommended by the Medical Faculty and many thousands of our best citizens.

Read the testimony of Physicians and patients who have used Rosadalis; send for our Rosadalis Guide to Health Book, or Almanac for this year, which we publish for gratuitous distribution; it will give you much valuable information.

Dr. R. W. Carr, of Baltimore, says:

I take pleasure in recommending your Rosadalis as a very powerful alterative. I have seen it used in two cases with happy results—one in a case of secondary syphilis, in which the patient pronounced himself cured after having taken five bottles of your medicine. The other is a case of Scrofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredients.

Dr. Sparks, of Nicholasville, Ky., says he has used Rosadalis in cases of Scrofula and Secondary Syphilis with satisfactory results—as a cleaner of the Blood I know no better remedy.

Samuel G. McFadden, Murfreesboro', Tenn., says:

I have used seven bottles of Rosadalis, and am entirely cured of Rheumatism; send me four bottles, as I wish it for my brother, who has scrofulous sore eyes.

Benjamin Bechtol, of Lima, Ohio, writes I have suffered for twenty years with an inveterate eruption over my whole body; a short time since I purchased a bottle of Rosadalis and it effected a perfect cure.

Rosadalis is sold by all Druggists.

BEDTIME.

Rosebud lay in her trundle bed
And her small arms folded above her head,
And fixed her innocent eyes on me,
While a thoughtful shadow came over their glee;
"Mamma," said she, "when I go to sleep,
I pray to the Father my soul to keep;
And he comes and carries it far away
To the beautiful home where his angels stay.
I gather red roses, and lilies so white,
I sing with the angels through all the long night;
And when, in the morning, I wake from my sleep,
He gives back the soul I gave Him to keep.
And I only remember, like beautiful dreams,
The garlands of lilies, the wonderful streams."

CHILDREN.

Like an isle of green and gladness
  In the desert wild,
In our home of care and sadness
  Dwells the little child.
Like a brooklet's merry murmur
  In the gloomy wood,
Birdlike music lightly breaking
  Through the solitude,
Like the gleam when clouds are riven
  At the morning's birth,
Like a smile of God from heaven
  Dropped upon the earth.

City and Suburban Affairs.

Fire at West End.—A fire broke out last night, about eleven o'clock, in the provision store of Mr. Word, at West End, a wooden building, and communicated to the brick building adjoining, occupied as a drug store by Dr. J. P. Sewell. Both buildings were destroyed. Loss, about $2,500, mainly covered by insurance, we learn. Origin of fire supposed to be accidental.

False Alarm.—The alarm of fire at nine o'clock last night was a false alarm. It may be fun for those who raise it, but it is not so funny to the boys who run with the fire engines.

Colonel R. W. Phillips.—We regret to learn that Colonel R. W. Phillips, of Echols, is quite ill, at Mrs. Keith's boarding house. He has been confined to his room for a day or two.

Governor Bullock's $25,000 Suit.—The proprietors of The Atlanta Constitution have, at last, been served with copies of Governor Bullock's slander suit against them. Having given the petition, we now append a copy of the process attached to it. The case stands No. 4 on the docket for November term, 1870:

PROCESS.

Georgia, Fulton County. } To the Sheriff of said County, Greeting.
R. B. Bullock vs. W. A. Hemphill & Co. } Libel.

The defendants are hereby required, in person or attorney, to be and appear at the Superior Court, to be held in and for said county, on the first Monday in November next, then and there to answer the plaintiff's libel, as in default thereof said Court will proceed as to justice [will the Governor be willing to receive the award of even-handed justice to him?] shall appertain.

Witness the Honorable N. B. Knight, one of the Judges of the Superior Courts of said State, May 15, 1870.

W. R. Venable, Clk.

Room Western & Atlantic Railroad, Investigating Committee, Monday Morning, May 23, 1870.

The committee met at 9, a. m., and was called to order by Chairman Brock.

A communication was received and read from Mr. Parks, notifying the committee of his illness, rendering him unable to attend. Also a certificate from Dr. Prophitt, informing the committee that Mr. Phillips was still confined to his bed, and Mr. Lee not having reached the city, leaving only Brock, Colman, Maxwell and Tweedy present, constituting no quorum, the committee adjourned until to-morrow morning at 9 o'clock.

OUR PARIS LETTER.

The Greek Massacre—Spanish Affairs—Death of an Eminent Man—Rochefort, etc.

Special Foreign Cor. of The Constitution.]

Paris, April 30, 1870.

The cold-blooded murders in Greece have evoked very indignant protests against King George's ministers, and much sympathy for the slain. Were they massacred French citizens, the Zouaves would, by this time, have scoured the country and cleared it of brigands—no matter if a few innocents were included. If not bandits to-day, they might be to-morrow. Besides, in a case of general killing, the French reconcile their consciences, for any mistakes committed, on the ground that God will always know His own.

France has an interest in the affair, for if Italy, in seeking redress for her murdered Secretary of Legation, becomes involved in trouble, France must see her through it, and Napoleon's difficulty is Bismarck's opportunity.

In Paris a "Greek" is synonymous for a black-leg; the French add to it now, that of a highwayman and cut-throat.

The massacre will have the effect of cooling down sentiment about Greek nationality. How "ye that at Marathon and Leuctra bleed," must blush at your descendants! We "dash down the cup of Samian wine"—pity Byron, despite Mrs. Stowe—and begin to think Navarino a mistake.

Spain promises to crown her edifice within a month, but this sibylline utterance gives but little satisfaction. At present no one works or studies in the Peninsula, unless to get himself quartered at a public office, for which there is a run as intense as in Italy. Formerly the fashion was to become a monk, but the revolution has left such Othellos without an occupation. The Duke of Madrid seems to have no longer a chance—his Carlist generals resign, and the clergy, with a Swiss fidelity, are leaving him for the Prince of Asturias. At Rome, his Holiness has received fresh adhesions to the doctrine of Infallibility, notably that of the Comte de Chambord, which will not improve his prospects to reign over France as Henry the Fifth. It is curious that all the dethroned have subscribed to the Pope's new thirty-nine articles—some like Don Carlos—in advance. It is well that that French Attorney, who has been restored to his throne, as Aurelius I, of Auracania, succeeded before the new dogma became of such transcendant importance.

M. Marie, one of the members of the Provisional Government, is dead. It was he who defended the present Emperor for the Boulogne affair, but declined to be made a Senator when fortune smiled on his client. Though differing as wide as the poles in politics, he and Berryer were, for forty years, most intimate friends; they occupied apartments in the same house, and in that house Marie has died, as he wished. During 1848 he was Minister of Public Works, and it was he, not Louis Blanc, that established the "National Workshops," a scheme more chivalrous than sound, but which produced the June revolution. On quitting office on the election of Prince Louis to the Presidency, he said: "I have now neither money nor clients." "Hold," said his contrere, Astronomer Arago, "I will divide my fortune with you," and handed him three notes for a thousand francs each.

At last those Siamese Twins, Rochefort and Raspail, are separated. The former is for "abstention" in reference to the plebiscite—the latter for a full-mouthed "No." Raspail is a successful apothecary—deals principally in camphor; has always been an energetic politician, and though now in the vale of years, is ready to take the Tuileries, as he attempted formerly the Chamber of Deputies, very naturally by "*physical* force and *phialence*." Rochefort is not ill in pain. He romps daily with his children, and they made such a noise the other day that he warned them, "we will all be turned out if we create such a row." Bourbeiff.

KOSKOO!

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of country

AS A GREAT AND GOOD MEDICINE!

And the Large Numbers of Testimonials

which are constantly being received from Physicians, and persons who have BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

AS A BLOOD PURIFIER,

IT HAS NO EQUAL,

BEING POSITIVELY

The Most Powerful Vegetable Alterative Yet Discovered.

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions, this of bad blood is founded in truth.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues loose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are effected with scrofula in some form.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO,

AS A

Liver Invigorator!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the system. While it acts *freely* upon the Liver *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dullness and drowsiness, sometimes, headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the side, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, etc.

KOSKOO!

Is a remedy of *Wonderful Efficacy* in the *cure* of diseases of the Kidneys and Bladder. In these Affections it is as near a specific as any remedy can be. It does its work kindly, silently, and surely. The Relief which it affords is both certain and perceptible.

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys can not estimate the *importance* of their *healing action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the Blood those effete matters which, if permitted to remain, would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the Urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding, with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS in the CURE of

DISEASES OF THE NERVOUS SYSTEM,

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work (mental and physical), are causing diseases of the nervous system to increase at a fearful rate.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dullness of Hearing; Twitching of the Face and Arms, etc., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, etc., etc.
